

To whom it concerns.

I'm interested in joining the board of Irish Squash, because I have a great passion for the game.

I started playing Squash in my early twenties, and I'm still an active player.

I played for many years in Squash Ireland but like most players I never got involved in any administration, now I feel I'd like to give something back to the sport.

I have been Hon Secretary for Leinster Squash since 2015, and I'm also Club Captain in ALSAA Squash Club.

I have a pending WSO 2 referee grade & I have helped out with lots of competitions over the last few years.

I'm putting my name into the ring, as I'm well aware that Irish Squash needs volunteers.

If somebody with better qualifications or is more suited to the role, secures the position I'd be happy to step aside.

Yours sincerely.

Noel Storey.
